JUST THE TONIC FOR PALE GIRLS

A Good Color Means Better Health and Dr. Williams' Pink Pills Bring Both.

Girls who study hard or work hard, who grow pale and thin, who come home from school or shop too tired to do anything even in the way of amusement—these are the girls who will get most benefit from a course of treatment with Dr. Williams' Pink Pills for Pale People. No medicine ever offered the public has been such a boon to suffering women and girls as this tonic remedy. These pills are not a mere stimulant, giving temporary relief; they build up the body anew by making rich, red blood that imparts splendid health, brightness, cheerfulness, energy and ambition.

Dr. Williams' Pink Pills begin their work of improvement with the first dose. The first sign of improvement is usually an increased appetite, the absence of distressing symptoms after eating, more refreshing sleep, a better color in face and lips. These are signs that purer blood is now circulating through the body and that, with this necessary assistance, nature is effecting a cure.

Mrs. Richard Ahrens, of Cole Block, Brainerd, Minn., says: "Owing to a run-down condition of my blood, I suffered for over two years with debility and nervousness. My nervous system was in a terrible state. I lost flesh and suffered everything a woman could. I had severe pains through the top of my head and across my temples. When these spells came on me I would have to give up and was often confined to bed for a day or so. After these headaches I would feel weak for days. I had no appetite whatever.

"The doctor did not help me much. For a time I would feel better under his treatment and then would be worse again. Through reading about Dr. Williams' Pink Pills I was led to give them a trial. I soon felt better and gained rapidly. I gained in flesh, had a good color and could eat a hearty meal. I take the pills now once in a while for a tonic and always receive benefit from them."

Two booklets, "Building Up the Blood" and "Plain Talks to Women," will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box; six boxes, \$2.50, or by mail, postpaid, upon receipt of price, by the Dr. Williams Medicine Co., Schenectady, N. Y.

FREE TOLLS SET U. S. SHIPYARDS TO BUILDING

Nation's Merchant Marine Is Stimulated by Passage of Panama Canal Bill

WASHINGTON, Sept. 7.—Despite the pessimistic statements that were made before the Senate and House committees by opponents of the Panama Canal bill, a remarkable impetus to shipbuilding appears to have followed the legislation and the American marine will shortly be flying 120 more flags.

This number of ships, aggregating 254,000 gross tons, is now in the course of construction in American shipyards, according to reports just completed by the bureau of navigation. Of this tonnage 80,000 is specifically intended for the canal traffic.

The reports cover work and contracts up to July 1st, prior to which time the shipping industry took on new life in the expectation that favorable legislation would be adopted by Congress.

At the same time, during the previous year, a bare tonnage of 100,000 was in course of construction.

Order Many Ships.
Since July, Congress, by assuring free passage to American coastwise ships and duty free materials and equipment, a further impetus has been given to shipbuilding and a rapid accession to the number of ships flying the American flag is expected.

In addition, the provision granting American registry to foreign-built ships when owned by Americans is expected to lead to the purchase of many ships abroad and the bureau confidently expects that within the next two years the American marine will be restored to its former magnitude.

Concurrent with the stimulus to the American marine a worldwide awakening in maritime affairs seems in progress.

In South America the Government of Uruguay is preparing to spend \$30,000,000 on the harbor of Montevideo, in addition to expenditures already made of \$18,000,000. A deeper and wider channel is to be dredged and good shelter will be provided for the large ocean vessels visiting that port.

Australia Gets Busy.
According to consular reports from Australia that country is looking forward to rapidly increased trade with the United States, and particularly with the Pacific Coast. The new service of the Oceanic Steamship Company is heartily welcomed by the Australian merchants and press as an augury of expanding trade connections.

The harbor of Macao, for 300 years before the English advent in Hongkong, the dominant port in China, has just completed the dredging operations begun a year ago and further extensive improvements are planned. From all the European consular agencies there are reports of increased activities in construction and trade and a general tone of optimism pervades the business outlook.

They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.
